A DAY IN THE SUN, GOLFING FOR FUN

Welcome to the SBAC's 14th Annual Golf Outing! We are beyond thrilled to see you all for another exciting golf outing filled with friendly competition and camaraderie. Thank you for being a part of this integral day, so let's just enjoy the game, enjoy the company, and let the spirit of golf unite us all.

THE SBAC MISSION

We believe the success of small businesses is a critical component of local communities and the nation's economy. The SBAC has spent the last decade alongside small business owners fighting for reasonable policies that foster a healthier small business environment economically, socially, and culturally.

The SBAC's non-partisan approach continues to shape local, state, and federal small business legislation.

Thank you to all of our sponsors for making this happen!

YOU'RE ALWAYS LOOKING FOR A BETTER WAY TO DRIVE AHEAD.

We can help by offering some of the most innovative products and services in banking. The drive for better never stops. That's why we're proud to support the Small Business Advocacy Council.

Michael Martino
Senior Vice President, Business Banking Market Executive

SBAC WINS

INCREASING ACCESS TO GOVERNMENT CONTRACTS FOR SMALL, MINORITY, AND WOMEN-OWNED BUSINESSES

The Procurement Bidding Reform legislation that will increase access to government contracts for small, minority, and women-owned businesses has passed both the Illinois House and Senate! This legislation will now head to Governor Pritzker to be signed. Senate Bill 2192 provides that a bidder who has failed to be awarded a contract by the Department of Innovation and Technology, the Department of Transportation, the Capital Development Board, or the Illinois State Toll Highway Authority after four consecutive bids for the same services, will receive an explanation as to the reason for the rejections. This information is crucial for small, minority, and women-owned businesses struggling to obtain government contracts.

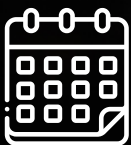

RELIEF FOR LOCAL CHAMBERS OF COMMERCE

The SBAC has been working to procure funding for the past year to foster the recovery of chambers and is thrilled that Illinois politicians have provided 5 million dollars to support the recovery of chambers of commerce in Illinois. These funds will be distributed via a grant through a program established by the Illinois Department of Commerce and Economic Opportunity. Chambers can receive up to one-sixth of the annual revenue lost between 2019 and 2020. In the event additional funds remain after eligible chambers receive grants, additional grants can be made to chambers. This bill will apply to chambers with an annual revenue of up to one million dollars.

OCCUPATIONAL LICENSING

In 2022, House Bill 5576 unanimously passed the Senate and went on to the Governor. This legislation builds on the current licensing review process by collecting important information about the requirements associated with obtaining a license, so they can be more comprehensively reviewed by the General Assembly. This legislation will provide crucial information which can help legislators evaluate occupational licenses and eliminate or modify them when appropriate. Modifying or eliminating overly burdensome or restrictive occupational licenses can support small businesses struggling to hire employees, remove unnecessary or outdated barriers for entrepreneurs, and foster the growth of our economy.
